What is included in the Agreement
The Agreement is for maintaining and repairing your vehicle and includes:

Periodic Maintenance Inspection
- One maintenance inspection of your vehicle during the term of the Agreement and annually thereafter for agreements of more than one year. Please read Section C headed ‘Periodic Maintenance Inspection’ for listed items and full details.

Maintenance
- Labour and parts costs for repairs to maintain your vehicle if an included part suffers a failure to perform its function (including maintenance repairs required following a manufacturer's service), up to the repair value detailed on your Validation Form and subject to the Maintenance and Repair Conditions detailed within Section H (‘Administration’). Please read Section D headed ‘Maintenance’ for listed parts and full details.

Please read Section E headed ‘Breakdown’ for listed parts and full details.

- Recovery of the vehicle if your vehicle suffers a breakdown. See Section G under the heading ‘Extensions to the Agreement’ for full details.
Section B
Your responsibilities under the agreement

Servicing Requirements
In accordance with the manufacturer’s servicing requirements, your vehicle must be serviced at the intervals recommended for your particular make, type and age of vehicle. For completion of a service we allow a maximum of 1,000 miles or 4 weeks’ leeway on either side of the stipulated time, whichever occurs first. Please ensure that you are fully aware of the manufacturer’s recommended servicing intervals for your particular make and age of vehicle. We would recommend that you return to the dealer who supplied your vehicle (the ‘Supplying Dealer’) or to one of our preferred repairers (please see Section H for more details) to service your vehicle. Any maintenance repairs, which are covered by the Agreement and are required following completion of the manufacturer’s service, will be covered as a benefit under the Maintenance Section of the Agreement.

New vehicles
During the manufacturer’s warranty please ignore the servicing schedules shown in this booklet and adhere to those in the manufacturer’s warranty booklet.

If you fail to service the vehicle in accordance with the manufacturer’s requirements then any serviceable items (i.e. items that would have been otherwise identified during the service) will not be covered under the Agreement. However, any non-serviceable items will continue to be covered under the Maintenance and Breakdown Sections of the Agreement.

After each service, please ensure that the relevant service details are completed in this booklet by the servicing garage and obtain a receipt for the service. Keep the receipt - you will need it should you make a maintenance or repair request.
Section C
Periodic Maintenance Inspection

Your Supplying Dealer will complete the periodic maintenance inspection after you purchase your Agreement for your vehicle. If, however your Supplying Dealer is unable to perform the periodic maintenance inspection, please contact the Administrator for details of our preferred repairer. The Supplying Dealer or our preferred repairer will complete a Periodic Maintenance Inspection Form to show you what he or she has checked. If the periodic maintenance inspection reveals a problem, the Supplying Dealer or our preferred repairer may:

- tell you what work is needed which is included under the Maintenance element of the Agreement (see the Maintenance section for details).

- tell you what other work may be required or is recommended and what it may cost if you decide for that work to be done.

If your vehicle is still within the manufacturer’s warranty when you purchase your Agreement, your Supplying Dealer will contact you to arrange the periodic maintenance inspection. If your Agreement is for more than one year, your Supplying Dealer will contact you to arrange your further periodic maintenance inspection, after the first 12 months of your Agreement have elapsed. You must take your vehicle to the Supplying Dealer or our preferred repairer on the date you have agreed with them for the periodic maintenance inspection. You must present them with the Agreement booklet when you take your vehicle to them. They will carry out the periodic maintenance inspection and complete the Periodic Maintenance Inspection Form on our behalf.

The periodic maintenance inspection will comprise of a check on the operation of the items listed in Section 1 to 5 below to ascertain whether these items are failing to perform their normal function, together with the maintenance of any such items listed in Sections 1 and 5 if necessary.

Section G
About the agreement

Vehicle use
The Agreement is not valid for vehicles which:
– are altered or modified from the manufacturer's original specification, or are raced, rallied, used in competition, or for hire or reward;
– are beneficially owned by a company or person involved in the business of vehicle repair, servicing or dealership or by an employee of such a company or person.

Period of agreement
The Agreement will run for the period chosen by you on the Application Form, as detailed on your Validation Form, or until the Agreement is cancelled (please see ‘Cancellation’ Section).

Start date
The Agreement begins from the later of the date of application or upon expiry of the manufacturer's warranty. However, the Administrator will issue you with a Validation Form confirming the Agreement which you should attach to this booklet. If you have not received a Validation Form within 60 days of the date of application you should contact the Administrator on 0845 070 7789.

Extensions to the Agreement
If we accept a maintenance or repair request for a failure of parts or a breakdown, you may also be entitled to the following benefits, but the amount we will pay must not exceed the repair value stated on your Validation Form. You must always get our prior authorisation for these costs.

(1) Vehicle hire: We will pay up to £50 per day including VAT for a maximum of 7 days. Vehicle hire is only available when the manufacturer's recommended repair time exceeds 8 hours. You will be reimbursed on receipt of a bonafide car rental agreement. The period of hire does not include delays while awaiting the start of maintenance or repairs or delivery of parts.

(2) Recovery: If the vehicle is immobilised we will pay for towing charges up to £50 including VAT.

Cancellation
The Agreement may be cancelled by you at any time but we will only consider a refund if the vehicle has been written off or if you die and provided no maintenance or repair requests have been made and no periodic maintenance inspection has been provided under the Agreement.

We will cancel the Agreement if you fail to provide us with the necessary information or knowingly provide incorrect information which affects our ability to provide a service to you. In such cases no refund will be due.

The Agreement ends if you sell or dispose of the vehicle unless you make a valid transfer of the Agreement. The Agreement can only be transferred to a private individual who first agrees to be bound by the terms of the Agreement by sending us a completed ‘Transfer of Ownership’ Form (as included in this booklet), together with the transfer fee. If, in the event of your death, ownership of the vehicle passes to an immediate relative, the Agreement automatically continues for the benefit of that person.
Section H
Administration

Maintenance & Repair Requests
If the vehicle shows signs of an imminent failure of parts or breakdown, DO NOT continue to use it. This may aggravate the problem and cause greater damage, for which we will not pay. Find the cause of the problem and check whether it is included under the Agreement. We will not pay for any stripping down of the parts to determine the cause of the failure of parts or breakdown unless we accept the maintenance or repair request. The most we will pay in total is the repair value as stated on your Validation Form.

If you consider you have a maintenance or repair request, DO NOT proceed with maintenance or repairs until the request is authorised by the Administrator. NOTE: If the Supplying Dealer of your vehicle does not have maintenance or repair facilities, you should contact one of our preferred repairers, Autosafe or NSN (National service network) to arrange for the maintenance or repair(s). Their telephone numbers are:

Autosafe – Tel: 0845 217 1905

NSN (National service network) – Tel: 0871 871 1704

You must report a failure of parts or breakdown as soon as reasonably possible, but no later than 7 days afterwards, following the instructions below. We will not pay for the maintenance or repair if you do not report the failure of parts or breakdown as required.

1 The repairer must telephone the Administrator on 0845 070 7789 and obtain a repair request authority number. At that time (or as soon as possible thereafter) the Administrator will need the:
   - Agreement Number
   - Contract holder’s name
   - Current mileage
   - Nature of maintenance or repair request
   - Total cost
   - Service history

2 The Administrator may authorise maintenance or repairs immediately; call for other estimates; nominate another repairer; investigate the maintenance or repair request further; or appoint an independent assessor to inspect the vehicle.

3 When maintenance or repairs are authorised a repair request authority number will be given. However, we will only pay for a maintenance or repair if the terms and conditions of the Agreement having been kept to, for example, manufacturer’s servicing requirements.

4 On completion of maintenance or repairs, send the following documents to the Administrator at the address on the ‘Maintenance and Repair Request Form’:
   (a) fully completed ‘Maintenance and Repair Request Form’; and
   (b) the repairer’s invoice for maintenance or repairs, which must quote the Agreement number, repair request authorisation number and details of whom to pay; and
   (c) evidence of the vehicle service history, including invoices, from the start date of the Agreement.

Out-of-hours maintenance or repair requests
The Administrator’s hours are 9am - 5pm Monday to Friday. If a maintenance or repair request arises outside these hours, the maintenance or repair request must be registered on the answering service on 0845 070 7789.
Payment
On completion of the maintenance or repairs, the repairer must invoice The Warranty Group Services (Isle of Man) Limited and send the documentation mentioned in the Section entitled ‘Maintenance and Repair Requests’ quoting the Agreement Number and the repair request authority number to the Administrator, TWG Services Limited, Repair Department The Aspen Building, Floor 2, Vantage Point Business Village, Mitcheldean, Gloucestershire GL17 0AF.

Telephone calls may be recorded for the purpose of staff training and improving customer service.

Maintenance and Repair Conditions
- If we accept a maintenance or repair request we have the right to take into consideration the age and mileage of the vehicle when settling the maintenance or repair request which may require a contribution from you if the repaired vehicle will ultimately be in a better condition than before the failure of parts or breakdown occurred. The Agreement is limited to the maintenance or breakdown of each included part on only one occasion during the period of the Agreement.
- If more than one included part has failed at the time you contact the Administrator, it will be dealt with as one maintenance or repair request.
- We have the right to specify the use of guaranteed reconditioned or exchange units. Your entitlement under the Agreement will be limited to the cost of these parts.
- If we give provisional authorisation for maintenance or repairs, we will assess repair times in line with the manufacturer’s recommended repair times.

Gaining access to Your Vehicle
You must allow us free access to examine the vehicle at all times.

If you make a maintenance or repair request we have the right to:
(a) examine the vehicle;
(b) obtain an expert assessment, the result of which will be binding on all parties;
(c) nominate the repairer.

If, following specific arrangements for inspection, and through no fault of ours, the engineer cannot inspect - for example, because the vehicle is not available or is not stripped etc - we will deduct fees for the second inspection visit from the authorised amount of the repair request.

Third-party rights
Nobody other than you, the legal owner of the vehicle as detailed on the Validation Form, will be able to benefit from the Agreement, which cannot be passed to someone else without our agreement. Please see the ‘Transfer of Ownership’ Section overleaf.
